

**Website:** <http://www.performhealth.com.au/Product/info/OPP-2824-2WBEG>

Womens Knee High Compression Stocking Wide band to prevent slipping and binding. Reciprocating knit heel and toe for better fit and comfort. Reinforced stocking sole for long-wearing performance. Progressive compression helps to improve blood circulation. Ideal for spider veins, moderate to severe varicose veins and post-surgical wear. Closed toe design. Sizing Chart: Measure circumference of the ankle, right above the ankle bones (malleoli) (cB) and around the fullest part of the calf (cC). Measure knee height (ID):
